Installation Tips
- Install according to Owner’s Manual and local codes. Always consult your local plumber for recommendations.
- Certain options or altering the pump/blower location may cause the pump/blower to extend beyond the tub decking.
- Airbath III units may be 1 ½” – 2 ½” taller than stated.
- Hot water supply should be 65-75% of the tub capacity or greater.
- Cut Dimensions: 52” x 28”. It is recommended to wait for unit to arrive before cutting.
- All specifications are subject to change without notice.
- The combination of multiple systems and options may require components to stick out and/or be remotely installed in the field.
