

# B29 EUROPEAN TRADITION HYDRONIC TOWEL WARMER

EgT\_ [ffS^6 Sfs

9 W W8^

Provide MYSON B29 EUROPEAN TRADITION hydronic towel warmer including accessories as scheduled. European Tradition towel warmers are made of 1-1/4" brass tube and fittings in a variety of finishes. The B29 hydronic towel warmer is approved for installation on closed loop hydronic hot water systems only.

Each B29 towel warmer is constructed with integral 3-1/4" diameter wall mounting flanges that are welded onto the back. The towel warmers are equipped with a manual air vent. Every unit is factory filled, tested and inspected to insure the finest quality product.
