MAINTENANCE AND CLEANING INFORMATION

Clean your Swan Granite Sink by using warm water and a soft clean cloth, sponge or Mr. Clean® Magic Eraser®. Non-abrasive liquid cleaners and detergents can also be used. Hard water, calcium and lime deposits can be removed with white vinegar on a paper towel and rinsing after 20 minutes. To restore luster and extend time between cleanings Weiman® Granite Cleaner & Polish is recommended. Staining liquids, such as dyes and vegetable juices should be rinsed off as soon as possible. **Do not** use abrasive cleaners, metal-scouring pads, and bleach or alkali cleaners, such as ammonia.

Undermount clips sold separately. Faucet options are limited to available hole placement. Please contact your dealer for more information.
